### Our Mission:

As an extension ministry of the Southern Alamance Cooperative Parish, the Garden of Concord seeks to nurture and empower our neighbors in need through shared food, fellowship, and garden stewardship. We celebrate the connection of the parish and community as we work, learn, and care for God's creation together while experiencing Christian love, joy, and unity.

### Our Membership:

Our garden is open to all!. All ages are welcome, there are many tasks for every level and like! Members of our garden are asked to be mindful of their personal behavior and all social interaction with other garden and church members, and the community at large.

### Our Methods:

Our garden is an all inclusive community garden which means that we work together on planned garden tasks as instructed by the garden manager. We do not use any chemical fertilizers or pesticides. We welcome the bugs (the good ones!).

We use only hand tools, make our own compost (no animal manures), and we do not till our raised beds (so please don't walk on them!) It is suggested that members bring their own bottled water, sunscreen, and insect repellent. The church restrooms are always available for use. Children are encouraged to garden with their parents (and be supervised by them for their safety).

### Our Means:

*"We plant the seeds...and God makes them grow."* (1 Cor 3:6).

The Garden is grown on the grounds of Concord UMC. The Garden is responsible for the purchase of seeds, supplies, and structures through membership fees, fundraisers, and donations from garden supporters!
